

Advanced TQM Best Practice

PDM has allocated a very large amount of resources into ensuring we follow global best practices with regard Total Quality Management for all our operations. Our organisational structure includes a TQM manager responsible for the overall quality and sectional TQM supervisors that meet regularly.

Our focus on quality is best exemplified by following accreditations received

- ISO 9001:2008
- ISO/IEC 17025:2005
- TISI 17025-2548 (2005)
- ExxonMobil Product Quality Management System (PQMS)
- ExxonMobil Product Quality & Guidelines (QP&G)
