

PDM is committed to providing its customers with top quality products and services. In order to fulfill this commitment we have recently built a modern manufacturing facility near Bangkok that incorporates a laboratory equipped with state-of-the-art analytical instrumentation. Most importantly we have a loyal, well-trained and highly skilled workforce.

Our focus on quality is best exemplified by the following accreditations we have achieved:

- ISO 9001:2008
- ISO/IEC 17025:2005
- TISI 17025 – 2548 (2005)
- ExxonMobil Product Quality Management System (PQMS)
- ExxonMobil Quality Practices & Guidelines (QP&G) includes Data Integrity Assurance Framework (DIAF)

From 1999, PDM has been improving our standards in our production, and in workplace. We are committed to continue to do so in the future. You can always rely on us. This is the steps we took to be one of the best production plant in Thailand.

PDM Step of Quality
